PIPING SYSTEMS

Wefatherm's specialist water supply system has been used for over 30 years in different water applications that demand high standards of durability and reliability. The hygienic system is corrosion-free, safe, and is easy to install for both hot and cold water supply systems. Focused on innovation and quality, Wefatherm system uses different welding technologies to make jointing easy, straight-forward, and versatile. Polypropylene pipes are manufactured within DIN DIN 8077-8078 and fittings within DIN 16962 and all products comply with other relevant international standards.

Made in Germany

Certifications & Approvals

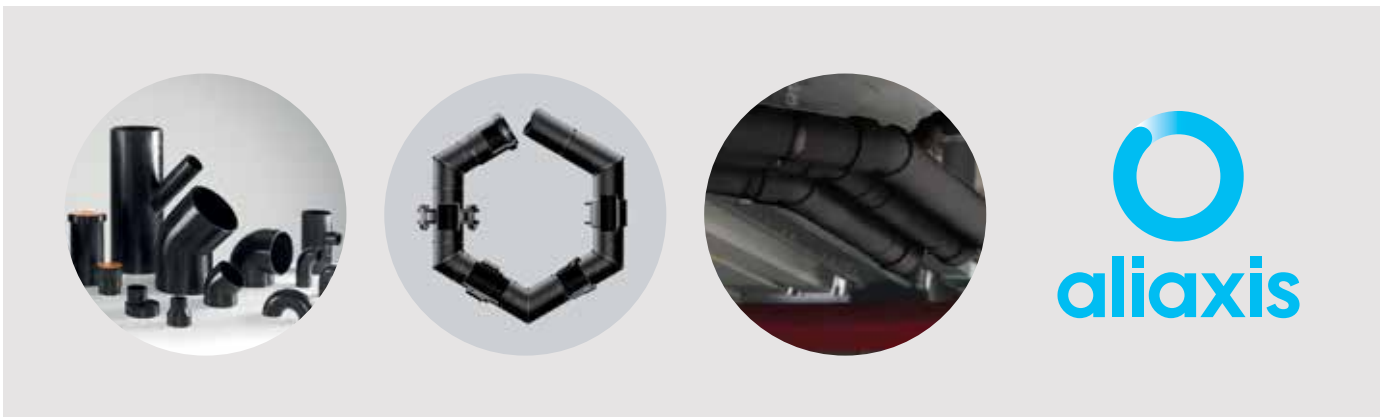

Available in UAE, Bahrain, Oman & Qatar

Akatherm HDPE is a drainage system that is lightweight and flexible, but also resistant to UV, high temperatures as well as chemicals. The system combines flexibility with robustness and reliability that can be welded for reliable, pull tight and leak-free joints. A complete product range suited to the most demanding situations that require the toughness, flexibility, and impact resistance that only Akatherm HDPE can deliver. All products are manufactured within an ISO 9001 Quality Assurance system and complies with the EN 1519 and other relevant international standards.

Made in the Netherlands

Certifications & Approvals

The Marley brand is globally known for its innovative solutions in the field of plumbing and drainage. Now in its 65th year, it continues to offer the finest in technical support as well as a wealth of product and installation knowledge. With a proven track record of over 40 years in the region, Marley has a complete range of push-fit and solvent systems to satisfy the requirements of all sizes of projects. All products are manufactured within the BS EN ISO 9001 Quality Assurance system and complies with other relevant international standards.

MADE IN USA

PVC Heavy Body Cement

1104HB - Green Label

- ✓ For all types of PVC through 12" diameter, including schedule 80.
- ✓ Medium setting.
- ✓ Clear or Gray color.
- ✓ Meets ASTM D-2564.
- ✓ Listed in NSF and UP Code.
- ✓ Meets LOW-VOC requirements.

1104HD - Extra Heavy Body (High Pressure)

- ✓ Industrial Strength for all PVC pipe and fittings up to 30" diameter. (including Schedule 80)
- ✓ Meets and exceeds performance standards for ASTM D2564
- ✓ Meets LEED requirements for "Low-VOC" products
- ✓ Medium to slow setting which allows time for product to be applied to large diameter piping systems
- ✓ Clear Color
- ✓ Extra Heavy body thickness which provides for gap filling capabilities
- ✓ Aggressive formulation to ensure permanent solvent welded joints

Pipe Lubricant

Lubricant for gasketed pipe joints (A-15)

- ✓ For use on all gasketed piping systems.
- ✓ A-15 is a non-toxic, no taste or odor paste and 100% water soluble.
- ✓ Does not support bacterial growth.
- ✓ NSF listed.

Cleaner for PVC, CPVC and ABS (901 - Yellow Label)

- ✓ For use on all classes and schedules of PVC, CPVC and ABS plastic pipe and fittings.
- ✓ Cleans and removes oil and dirt from the joining surfaces.
- ✓ Clear color.
