

PRODUCT DATA SHEET

901
CLEANER

DESCRIPTION

901 is a solvent cleaner for use on all types of plastics, including PVC, CPVC, ABS and Styrene plastic pipe and fittings. It will clean and slightly dissolve the surface of the pipe and fittings, providing better bonding surfaces for solvent cement when it is applied. 901 meets 'LOW-VOC' requirements, as outlined by SCAQMD 1168/316A.

APPLICATION

901 is a all purpose cleaner that is to be used in conjunction with primer and / or cement products.

901 is manufactured to a high standard to ensure a quality product. A sample is kept from each batch to verify the quality of *Arrow* products.

Follow the directions on can label. Additional information is available upon request. Skill and knowledge on the part of the user is required to make a good quality joint.

SAFETY PRECAUTIONS

EXTREMELY FLAMMABLE. Do not use or store near heat, sparks or flame. Use only in well ventilated area. Keep container closed when not in use. Avoid prolonged breathing of vapor. Avoid contact with skin and eyes. In case of skin or eye contact, flush repeatedly with water. Get medical attention if irritation persists. If swallowed, drink water, do NOT induce vomiting and call a physician. Keep out of reach of children.
